

## She's Gone

Lee Rocker

I didn't think I'd wake up and find a note beside the bed  
Said you were really sorry, it was written there in red  
I got a drink of coffee and looked out into the yard  
Now there's only oil in that spot out on the drive

Well, she's gone, gone, gone

She had three hundred horses and an automatic drive  
Seven digit outboard that had flames on the side  
Could've took some money and you could've took the bus  
I've just learnt another thing, I've just run out of luck

Now she's gone, gone, gone  
Drove off in the night  
Well she's gone  
Gone, gone, gone  
Girl, this just ain't right  
Well, she's gone

Didn't think you'd leave me in the middle of the night  
I wasn't even drinking and we didn't have a fight  
I hope you don't run off the road and give my love a dent  
Baby, bring her back to me, I know she's heaven sent

Now she's gone, gone, gone  
She drove off in the night  
Well, she's gone  
Gone, gone, gone  
Girl, this just ain't right  
Well, she's gone

My heart is broken, I'll pull the choke or push the pedal down  
If I ever find you girl, I'll put you in the ground  
The engine fires, those squealing tyres drive off in the night  
I don't care what else you did but girl, this just ain't right

Now she's gone, gone, gone  
She drove off in the night  
Well, she's gone  
Gone, gone, gone  
Girl, this just ain't right  
Well, she's gone, she's gone
