

# Parking

Lee Ryan

Ooooooooh

Waiting, watching the clock  
Breathing, like I'm gonna stop.  
Knowing, this love's on the line  
And there you'll be

And I pick you up  
In my car  
Take you away somewhere

We'll sit, parked in my car  
Minutes, turning to hours  
We'll watch the bright lights of the city  
Just you and me

Dreaming

Your lips dance across mine  
Our hands, fingers entwined  
There we'll fulfill our desires  
Set me free  
Ooooh

And I pick you up  
In my car  
Take you away somewhere

We'll sit, parked in my car  
Minutes, turning to hours  
We'll watch the bright lights of the city  
Just you and me

Dreaming  
Ooooh yeah

And I pick you up  
When you're down  
Take you away.....

We'll sit, parked in my car  
Minutes, turning to hours  
We'll watch the bright lights of the city  
Just you and me

Ooooooooooooooh  
Yes we'll sit, parked in my car  
Minutes, turning to hours  
We'll watch the bright lights of the city  
Just you and me
