

# So Fine

Leela James

Ooh, you're so fine, fine  
Could we go together, babe?  
Just say you'll be mine, mine  
Be mine forever, baby

Damn, you're precious  
And you're far from average  
Your swag, your style, so many, yeah  
That's just what I like about you  
And I know better to go and catch feelings  
But you got me in my feelings, mm  
Keep on doing what you doing

'Cause, boy, you know you've got me so bad  
How'd you get me like that? Mm  
Don't you know I think you're

Ooh, you're so fine (So fine), fine  
Could we go together? Together  
Just say you'll be mine, mine  
Be mine forever (Forever, yeah)

Let's have a conversation, yeah  
Tell me, what's your situation?  
Talking you, talking me, talking we  
It ain't complicated, yeah  
If you ain't got no strings attached  
Baby, I can handle that, yeah  
So tell me, baby, what it do

Boy, you know you've got me so bad  
How'd you get me like that? Mm  
Don't you know I think you're

Ooh, you're so fine (So fine), fine  
Could we go together? Babe (Could we go together, together?)  
Just say you'll be mine (Be mine), mine  
Be mine forever, baby (Forever, yeah)  
Ooh, you're so fine (So, so fine), fine  
Be mine forever and ever and ever  
(Say you'll) Just say you'll be mine, be mine (Mine)  
(So fine, so fine)  
Baby, we belong together  
Our love will last forever and ever

So fine  
Be mine  
Ooh, I need you in my life  
So say you'll be mine  
For a lifetime  
Forever and ever  
Can we go? Can we go? Can we go  
Together, together?
