

Above It All

Leeland

There's a peace here
That I can't explain
There's a rest here
Even in the wait

I will trust, I will trust
I'll trust You
Oh, I'll just
Oh, I'll just
Keep my eyes on You

It's enough, it's enough
To hold onto
I will trust
I will trust

You
Above it all, it's You
Exalted, God, it's You
And nothing in this world can take Your place

There's a hope here
That I can't deny
There's a power
When we lift You high

We will trust, we will trust
We'll trust You
Oh, we'll just
Oh, we'll just
Keep our eyes on You

It's enough, it's enough
To hold onto
We will trust
We will trust

You
Above it all, it's You
Exalted, God, it's You
And nothing in this world can take Your place

It's You
Above it all, it's You
Exalted, God, it's You
And nothing in this world can take Your place

And the darkness can't deny it
You are higher
And the heavens can't contain it
You are higher

And the darkness can't deny it
You are higher
And the heavens can't contain it
You are higher

Even death cannot define it
And no death could ever hide it
No, there's nothing and there's no one
That could ever come before

You
Above it all, it's You
Exalted, God, it's You
And nothing in this world can take Your place

It's You
Above it all, it's You
Exalted, God, it's You
And nothing in this world can take Your place
