

## Broken Promise

Left Alone

Must be something in the way I feel  
about you tonight.  
Situations going no where  
and here comes the next fight.  
All the promises you made but never kept..

Cause I've been wastin' wastin' too much time  
I wasted all my time with you  
wasted wasted  
too much time  
I wasted all my time  
all my time  
with you.

I hope one day you understand girl,  
what this all meant.  
Happiness is not a store bought product,  
it comes from within.  
All the promises you made but never kept..

Cause I've been wastin' wastin' too much time  
I wasted all my time with you  
wasted wasted  
too much time  
I wasted all my time,  
all my time  
with you.
