

# Gone

## Left Alone

Sitting on a bus stop in a foreland a foreign town  
Don't remember what happened last night  
But I pick myself up from the ground

Every day, every night it's a fist and a fight  
And I've done nothing wrong  
Every day is the same and I'm always to blame  
But I've done nothing wrong so now I'm (Gone)

Look inside what do you see  
A broken heart from you to me (Now I'm gone)  
And everyday the sun don't shine  
Grey skies and troubled times

All the things I wanted to say  
But I never got a chance to express  
Writings on the wall, baby girl  
But you still act like theres something left

Every day, every night it's a fist and a fight  
And I've done nothing wrong  
Every day is the same and I'm always to blame  
But I've done nothin wrong so now I'm (Gone)

Look inside what do you see  
A broken heart from you to me (Now I'm gone)  
And everyday the sun don't shine
