

Gone

Left Alone

Sitting on a bus stop in a foreland a foreign town
Don't remember what happened last night
But I pick myself up from the ground

Every day, every night it's a fist and a fight
And I've done nothing wrong
Every day is the same and I'm always to blame
But I've done nothing wrong so now I'm (Gone)

Look inside what do you see
A broken heart from you to me (Now I'm gone)
And everyday the sun don't shine
Grey skies and troubled times

All the things I wanted to say
But I never got a chance to express
Writings on the wall, baby girl
But you still act like theres something left

Every day, every night it's a fist and a fight
And I've done nothing wrong
Every day is the same and I'm always to blame
But I've done nothin wrong so now I'm (Gone)

Look inside what do you see
A broken heart from you to me (Now Iøm gone)
And everyday the sun don't shine

Grey skies and troubled times

Sitting on a bus stop in a foreland a foreign town
Don't remember what happened last night
