

# 10 AM

Left Boy

Oh, oh what a lonely boy

Oh what a lonely boy

Oh what a lon-

I've been gone - too long

Working on these songs, yeah

Work is a bitch and me and her don't get along, cause

It stuck, I try to keep my head up

'Cause I know if I don't get up

Nothing around here is going to be better

Well I guess that's life

Sometimes it feels like shitting, right

I'm at home up all night

All alone most of the time

Why do I do this shit 10 AM in the morning?

I ain't seen no one in a month and I got deadlines on deadlines

Back and forth through the room

I thought again, this tune I miss you

Why didn't you come back?

'Cause I need to get things done

I wanna be that kid that they put on

Yeah, they be like: What's that song? Yeah that's my favorite one

'Cause I need to get things done

I wanna be that kid that they put on

Yeah, they be like: What's that song? Yeah that's my favorite one

Who's that kid, looks like shit

Like he got no sleep in a month and a little bit

Alright, let the KKK out, listen, what you're trying to say

This ain't a good look right outta a book

But when I get a beat then I come up with a right hook

Needa get a tight hook that works all night long

And some nights that give me that summertime bronze

Why do I do this shit 10 AM in the morning?

I ain't seen no one in a month and I got deadlines on deadlines

Back and forth through the room

I thought again, this tune I miss you

Why didn't you come back?

'Cause I need to get things done

I wanna be that kid that they put on

Yeah, they be like: What's that song? Yeah that's my favorite one

'Cause I need to get things done

I wanna be that kid that they put on

Yeah, they be like: What's that song? Yeah that's my favorite one

Next in line, I'm far from the exit sign

And I know that it's going (to) be great

If I pull my way, I can't wait

It's like the sun is coming back up

How about today

Gimme some good weed in the motherfucking hot tub

I'm way and I don't know when I'll come back

Because I just put it down real real nice for y'all

So I'ma let you think about that
