

## Blackbird

Left Boy

Blackbird singing in the dead of night  
Take these broken wings and learn to fly  
All your life  
You were only waiting for this moment to arise

Look, eversince I was a young kid  
Yo, I'm still a young kid  
But sometimes I sit down and feel like a midway  
Between now and the day I found my way  
Thoughts tend to stay  
Time flies away  
But I was always waiting for this moment to arise  
It's no lie  
I was always waiting for this moment to arise  
It's no lie  
I was always waiting for this moment to arise  
It's no lie  
I was always waiting for this moment to arise

I make the beats  
That's what I do  
When I sit around and write the lyrics  
I do that too  
A one-man crew  
And I now I do it well  
'Cause I made a couple tracks  
And I know you think as well  
I've been trough hell  
I know I haven't seen shit  
But I feel like I stock in a cycle I can't quit  
I need to get a hit quick  
I need to get signed  
I need to get you  
'Cause that's all that's on my mind  
If I can't do that  
Wouldn't know what to do

I was always waiting (for this momemt to arise)  
It's no lie  
I was always waiting (for this momemt to arise)  
It's no lie  
I was always waiting (for this moment to arise)  
It's no lie  
I was always waiting (for this moment to arise)
