

# Eternal Sunshine

Left Boy

Yo, Imma 'bout to put some money in the bank  
Get self-sustained  
2010, I'm on top of my game  
There's a beautiful girl and she knows my name  
Even if its just a little, I'm still loving the fame  
Yeah, two step to my heart beat  
At the club and its on me  
I'm getting mad love

Tonight, I'm flying high like a dove  
It's like I'm in love  
High like a dove  
It's like I'm in love  
High like a dove

Eternal Sunshine  
From a [?] it never sounds fine  
You wanna kiss me? Why I don't mind  
I'm all love, all of the time  
Two step to your heart beat  
Whatever you want to do, it's on me  
Sing it to the clouds above

Tonight, I'm flying high like a dove  
It's like I'm in love  
High like a dove  
It's like I'm in love  
High like a dove

It's like I'm in love  
High like a dove  
It's like I'm in love  
High like a dove
