Let It Go

Left Boy

On a race to the top, you know where you're going
You got a spot, you got a spot
On the hood of your car, engine's keepin' us warm
You wanna take it this far, this far
She's fallen out of love, she's tellin' me
You never did enough, I know it's true
Up in the clouds above, I see a face
And it's tellin' me to let it go

When I'm around you, I can't relax
When I'm around you, I just wanna run my fingers up your legs
When I see you, all I can think about is sex
When I'm around you, I can't relax
When I'm around you, I just wanna run my fingers up your legs
When I see you, all I can think about is sex

She doesn't wanna do this anymore
She's sick of the bullshit and I, I get it, get it
She says, "You just can't put me through this anymore"
I, I, I gotta get away, I gotta get away
When it's up and I come around
And you walking up with no panties on
And I see that ass and you say "What's wrong?"
And I'm like, "Okay, baby girl, come on
You must be fucking with me right now
'Cause there's no way that you don't know what you're doing
When do what you're doing right now"

When I'm around you, I can't relax
I can't relax
When I'm around you, I just wanna run my fingers up your legs
When I see you, all I can think about is sex
When I'm around you, I can't relax
When I'm around you, I just wanna run my fingers up your legs
When I see you, all I can think about is sex

N-n-n-no, we really shouldn't do it
You make it so hard to resist
N-n-n-no, we really shouldn't do it
You make it so hard to resist
