

Rose Garden (Baroque Version 1)

Left Boy

I met her at a gig
Didn't really talk much back then
Didn't think about it too much
Until I saw you again
Who's this girl?
What's she doing here?
She's looking at me
Like there's something in the air
There's something in the air
Looking at me
Like there's something in the air
There's something in the air

Look, I don't even know you
And I don't even care
You're everything I want right now
Do you wanna go to
The rose garden, baby?
'Cause I wanna be there with you

I've had my time to look around
You're on my mind
I wanna be alone with you, girl
You're just so fine
Must be a dream
She's dancing around, throwing rose petals on me
It's like a movie scene
And it's all so fucking perfect
Don't care where you been
'Cause I might not get to see you again
But you a ten out of ten
Let's get it in

I'm so fucked up
Baby, can we get down?
I want you
And I want it right now
In the rose gardens
I think I might have fallen in love again
And she just wanna tell her friends about it
I guess that's okay, too
And you can go wherever you like, baby
When you look so beautiful
Who's this girl?
What's she doing here?
She's looking at me
There's something in the air

Look, I don't even know you
And I don't even care
You're everything I want right now
Do you wanna go to
The rose garden, baby?
'Cause I wanna be there with you
