

## Rose Garden (Marrakech Version 7)

Left Boy

I met her at a gig  
Didn't really talk much back then  
Didn't think about it too much  
Until I saw you again  
Who's this girl?  
What's she doing here?  
She's looking at me  
Like there's something in the air  
There's something in the air  
Looking at me  
Like there's something in the air  
There's something in the air

I don't even know you  
And I don't even care  
You're everything I want right now  
Do you wanna go to  
The rose garden, baby?  
'Cause I wanna be there with you

I've had my time to look around  
But you're on my mind  
I wanna be alone with you, girl  
You're just so fine  
Must be a dream  
She's dancing around, throwing rose petals on me  
It's like a movie scene  
And it's all so fucking perfect  
Don't care where you been  
'Cause I might not get to see you again  
But you a ten out of ten  
Let's get it in

I'm so fucked up  
Baby, can we get down?  
I want you  
And I want it right now  
In the rose gardens  
I think I might have fallen in love again  
And she just wanna tell her friends about it  
I guess that's okay, too  
And you can do whatever you like, baby  
When you look so beautiful

I don't even know you  
And I don't even care  
You're everything I want right now  
Do you wanna go to  
The rose garden, baby  
'Cause I wanna be there with you
