

# SUPERCAR

Left Boy

Got no bobble heads, but we bobbing heads  
When the light is red, light is green  
Got the G-Force on the screen, going stupid fast  
Got stupid numbers on the dash  
Like 75561 Whiplash

Back to the car wash, got my team  
Gotta take care of my machine  
Tip top pristine  
I need my supercar super duper clean

Oh my God, I can't believe the polish  
What a paint job, super duper clean  
I can't wait to get inside  
I wanna take you out, baby  
Uh, let's go for a ride

(Ba-da-ba-da-ba-ba Ba-da-ba-da-ba-ba-ba)

Hey, what's up?  
Hey, Ferdinand. I know you're on the way to the car wash  
Yeah  
I just wanted to update you. Tim from Kitted called and said he  
found an all black Enzo and you could test drive it today if y  
ou wanted to  
Nice. Uh. Could you ask him to meet me at the car wash?
