

## Swords

Leftfield

Danger in every corner  
I have become pure water  
I can identify, I close my eyes  
I wear my sword at my side  
I wear my sword at my side  
Cleanse me deep in the fire

I have become pure water  
I wear my sword at my side  
I wear my sword at my side  
I wear my sword at my side  
I wear my sword at my side  
I have become pure water  
I have become pure water  
I have become pure water
