

A Little Unfair

Lefty Frizzell

You want me to love just you
While you love your share
Ain't that being a little unfair?
It's me stay home while you stay gone till you decide to care
Ain't that being a little unfair?

I can't see how it can be anything for me
What's mine is yours but what's yours is yours
That's how you wanted to be
You want me to wait for you till you decide to care
Ain't that being a little unfair?

I can't see how it can be anything for me
What's mine is yours but what's yours is yours
That's how you wanted to be
You want me to wait for you till you decide to care
Ain't that being a little unfair?
