

It Meant Goodbye To Me (when She Said Hello To Him

Lefty Frizzell

Hmm hmm hmm hmm

I made a big mistake when I introduced her to my friend

And gave him a chance to dance with her

As I watched them in the crowd I could hear my heart beat loud

Cause she said goodbye to me when she said hello to him

Hmm hmm hmm hmm

She just held on to his hand when it was break time for the band

And it was plain to see that I'd lost out

So I slipped away to cry felt so low I could die

Cause it meant goodbye to me when she said hello to him

Hmm hmm hmm hmm

Is there anywhere to go where a broken heart won't show

Everyone must know what's wrong with me

They can tell bout my ways I go round lost in the days

Cause she said goodbye to me when she said hello to him

Hmm hmm hmm hmm
