

My Little Her and Him

Lefty Frizzell

Oh, there's no words that I can use
To say how I love them
And steal and lie lay down and die
To prove my love for my little her and him

One brought me joy the other happiness
A big bouncin' boy and a little girl to kiss
Ain't made no words that I can say
How much I love my little her and him

If there was no her and no him
To get in things run play and fall
Then in our home would be so all alone
But God was good to us because

One brought me joy the other happiness
A big bouncin' boy and a little girl to kiss
Ain't made no words that I can say
How much I love my little her and him
