

Shine, Shave, Shower

Lefty Frizzell

Oh it's Saturday yes it's Saturday

Gonna shine, shave, shower and brush my teeth
Go out a dancing and forget my grief
Make all the nightclubs in this town
'Cause my sweet baby's gonna show me around

Well we'll go here and there and everywhere
Where we go I just don't care
We'll do the town up and do it right
'Cause tonight is Saturday night

Who cares if talk gets around?
Just cause I'm sly and not so mean
Saturday don't come but once a week

Gonna shine, shave, shower and brush my teeth
Go out a dance and forget my grief
Make all the nightclubs in this town
'Cause my sweet baby's gonna show me around

Gonna shine, shave, shower and brush my teeth
Go out a dance and forget my grief
Make all the nightclubs in this town
'Cause my sweet baby's gonna show me around

Well we'll go here and there and everywhere
Where we go I just don't care
We'll do the town up and do it right
'Cause tonight is Saturday night

Daylight will catch me going strong
One only lives once in a life
And I don't have a nagging wife

Gonna shine, shave, shower and brush my teeth
Go out a dance and forget my grief
Make all the nightclubs in this town
'Cause my sweet baby's gonna show me around

Gonna shine, shave, shower and shampoo
Go out a dance the whole night through
I swing it left and I swing it right
'Cause tonight is Saturday night
