

Woman Let Me Sing You A Song

Lefty Frizzell

Woman let me sing you a song
Woman let me sing you a song
That tells how you've done me wrong
So it's your fault if it's long
Woman let me sing you a song

Well, the neighbors all say I run around
Yeah, the neighbors all say I run around
But baby, if I do I'm still miles in back off you
Woman let me sing you a song

You tell our friends I drink too much
Now the whole town knows I drink too much
But the reason why I drink is a thought you make to think
Woman let me sing you a song

Woman let me sing you a song
Woman let me sing you a song
I said, "I'd die for you and I have the time or two
Woman let me sing you a song"

Now woman I've done sang you my song
