

Cruel Heart

Leigh Nash

It takes a cruel, cruel heart
To take one like mine apart
So full of wonder when we met
Now I'm just a mess

I never knew
That I could be looked right through
I learned so much from you
Now I have a cruel heart too

I was a fool to think that you loved me
Now I know that's not true
Now thanks to you
I have a cruel heart too

Love is a losing game
Not all hearts are made the same
All made of bones and blood
But you could never get enough

I never knew
That I could be looked right through
I learned so much from you

Now I have a cruel heart too

I was a fool to think that you loved me
Now I know that's not true
Now thanks to you
I have a cruel heart too
Now thanks to you
I have a cruel heart too

I never knew
That I could be looked right through
I learned so much from you
Now I have a cruel heart too

I was a fool to think that you loved me
Now I know that's not true
Now thanks to you
I have a cruel heart too
Now thanks to you
I have a cruel heart too
No thanks to you
I have a cruel heart too
