

The Promise Break

Leigh Nash

I don't think you understand forever
I don't think you know what it means
It doesn't work if we're not in it together
Cause it always falls apart at the seams

It's 3am and I'm going crazy all alone
I've always been afraid of the dark
And after all when you don't call
All I hear is the promise break

You must have meant it when you made it
But time takes its toll on us all
There was so much love when you gave it
If I can't walk away then I'll crawl

The night just has a way of getting longer when you're lonely
Like icy fingers wrapped around my heart
And down the hall no footsteps fall
And all I hear is the promise break

They say true love will never die
But half the time
That's a lie

It's 3am and I'm going crazy all alone
I've always been afraid of the dark
And after all when you don't call
All I hear is the promise break
All I hear is the promise break
