Baby
Excuse me baby
I know your game is on
But um, I got a game I wanna play

I'ma throw it at you boy
Better swing for the fence, oh boy
My curves can be unusual to hit
Better swing for the fence, boy

No coaching or no preparation
Can get you ready
The pressure's overwhelming
Can you be real steady
Better swing (Swing)
Better swing for the fence

Strike one
Look one boy
You keep swinging for the fence

Getting on base is not good enough
You need to hit a home run, run, run
I'll give you a practice swing to get loosened up
Hold up
You need to take another one, one, one, boy
It's coming down the middle baby
Can you hit it
Hit it out the park
Where nobody can catch it
Better swing (Swing)
Better swing for the fence

Strike two
One more to go
Swing it for the fence

Can you play this game with me
Hoping you can be my MVP
Don't you strike out 'cause it really matters
Hit it out the park
Be my number one batter

Swing, batter batter swing
Swing, batter batter swing
Swing, batter batter swing
Here comes the pitch
Swing, batter, batter wing (Right down the middle)
Swing, batter, batter swing (The middle)
Swing, batter, batter swing
Boy, you hit
Swing, batter, batter swing (And it goes)
Swing, batter, batter swing (Going, going, going)
Swing, batter, batter swing (Going, going, ooh, it's going on)
Swing, batter, batter swing (Baby, 'round your bases)
Swing, batter, batter swing (Come on, come on)
Swing, batter, batter swing (You can come on home)

Swing, batter, batter swing (You can come on home)
Swing, batter, batter swing
Swing, batter, batter swing (Boy, you hit)
