I was havin a good day
That Sade started me off
MTA was on time with my train
Ain't nothin' like the sound of New York
Then I got down to my job
They ain't have my money right
40 hours overtime
Bitch it's bout to be a fight
Woo
Need a wash and set
But my hairstylists on a flight
So I'm a take my ass home
'For somebody die tonight
I'm sayin'

Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Look ma no hands
Broke my foot off in dey ass
'Cus dey kept playing
Bitch, bitch

Seen a black man catch a cab today
And lovers get to marry by law
(Love is love, love is love)
Hear the sirens, flashing lights in our face
Mmm ain't nothing like the smell of New York
Then I walked up to my building
Police said I can't come in
Head down in handcuffs
They done got my boyfriend
Nosey neighbors on the stoop
Asking me what did he do
Judging me like I'm on stand
So I raised my right hand and told em

Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Don't fuck with me, don't fuck with me
Look ma no hands
Broke my foot off in dey ass
'Cus dey kept playing
Bitch, bitch
