Back again up in this mother fucker  
Entertainment for you mother fuckers  
Come for m's you'll get this double double  
Four four straight to your bubble  
In this game because I love the trouble  
So watch your tone if you don't wanna rumble

You niggas pop shit  
Like my nigga did you forget  
We know you not with  
Any inch of the real shit  
So nigga stop it  
I ain't knocking your little hustle  
But watch it  
I would hate to hear that loud ... oooh

Chitty chitty bang chitty chitty bang  
Oh them cannons rang  
Yes them cannons rang  
Make sure you photo ready  
When you see the gang  
I thought I told you lames  
We are not the same

Having some fun  
While you out your run taking victory laps  
I'm in the hood with them ones  
Catch me out in decatur  
With some meat and potatoes  
Waffle house in Atlanta  
I'll hit the blue flame later  
With the two tone gators  
Who you know gone fade us  
I see them hoes keep trying  
Professional imitators  
Ref, where's the flag?  
Now you're making me mad  
When 47 get that  
Bitch you betta get back

You niggas pop shit  
Like my nigga did you forget  
We know you not with  
Any inch of the real shit  
So nigga stop it  
I ain't knocking your little hustle  
But watch it  
I would hate to hear that loud ... oooh

Chitty chitty bang  
Chitty chitty bang  
Oh them cannons rang  
Yes them cannons rang  
Make sure you photo ready  
When you see the gang
