Leikeli47

You been talking in my ear all night, yeah  
Dancin' on me, holding me tight, yeah  
I'm in the mood and I'm feeling alright, yeah  
But if you do it, I'ma want it done right, yeah  
Done right, done right

I'm a big girl now  
You about to find out  
I'm not bout to slow up  
You gon' have to keep up  
We gon' sip champagne  
We gon' roll some weed  
I'ma show you things  
You ain't never seen

Baby  
I know it sound crazy  
But meet me at this address  
Prepare to get undressed  
Maybe  
We go half on a baby  
You got my permission  
To put me in position

You been talking in my ear all night, yeah  
Dancin' on me, holding me tight, yeah  
I'm in the mood and I'm feeling alright, yeah  
But if you do it, I'ma want it done right, yeah  
Done right

There's no way that this  
Could be hit or miss  
Since you rubbed my lamp  
I'll give you one wish  
We gon' figure out  
Just to tap it out  
Let's go blow for blow  
Let's go round for round

Baby  
I know it sound crazy  
But meet me at this address  
Prepare to get undressed  
Maybe  
We go half on a baby  
You got my permission  
To put me in position

You been talking in my ear all night, yeah  
Dancin' on me, holding me tight, yeah
