

I'm Through

Leikeli47

Knee jerk reaction
Before I thought about it, I slapped him
You had that silly hole in my mattress
Disrespectful bastard
Can't believe you tried it
If you was smart, you woulda flew the hoe private
Did you forget we share the bills?
Lookin' 'round like you got no chill

Tellin' me you love me and you tellin' me you care
But that was all the bullshit that you put up in the air
Family reunion, little cousins over there
Askin' for pics while your side chick there
What the fuck do you think this is?
Scrabble? Monopoly? Jenga? Yahtzee?
What the fuck do you think this is?
You can pick your ish up on the curb, you copy?

I'm through
Listen, it's only the first time this ever happened
I'm through
I mean, I don't even know who, I don't know who that is
I'm through
You know what? Come to think about it
I'm through
I have a cousin on my father's side that I never met
She was her sister
I'm through

Cry me a river
You had your own [?]
Don't be reaching' for no kiss, yah
This ain't the first time it's been an issue
Tell your mama stop callin'
And postin' them old pictures of us ballin'
Look nigga, now you're falling
Great day in the morning

There's a time to be born and there's a time to die
Our boy left us too early
It's a shame what happened to that boy
Let his life be an example of what not to do

Tellin' me you love me and you tellin' me you care
But that was all the bullshit that you put up in the air
Family reunion, little cousins over there
Askin' for pics while your side chick there
What the fuck do you think this is?
Scrabble? Monopoly? Jenga? Yahtzee?
What the fuck do you think this is?
You can pick your ish up on the curb, you copy?

I'm through
So that receipt? That's not even my receipt
I'm through
I was with my homeboy, he wanted to use my card
I'm through

He didn't have no cash on him, so what I did was
I'm through
I swiped it, and look, baby, you got this all wrong
I'm through

With your lies, cutting off all the ties
Stop calling me, 4 in the morning, like I care 'bout your life
And I don't like roller coasters
I only coast when I'm boating
No hablo ingles, siente
They don't speak english where I'm at, nigga

I'm through
So I was driving his car
I'm through
He took my car, his girlfriend was riding in my... in his car
I'm through
So I had to follow that car
I'm through
To get to that place where... look, you got it all wrong
I'm through, I'm through
I'm through, I'm through
I'm through
