I was on my way to work when I seen this boy lookin' at me
Tried to look away but shit, he already trapped me
So we greeted each other, As-salamu alaykum
Told him, my name was ..., said his name was Jacob
See I got a lil' weakness for them boy in the rough
It's something 'bout pressure that'll make a nigga tough
Then he gave me his number but I didn't take it
Bossed up and gave him mines with no hesitation
Now he already talking 'bout marryin' me (Yeah)
But first we gotta have a certain type of clarity
Like, make sure you keep up your ideal cut
'Cause I just wanna try you on when you all shaped up
Wish you could see how you shinin' with that white tee
You don't see, that's the type of lil' shit that really turns me on
And tell your silly hoes out here still tryna link up
You can't find him 'cause I got him wrapped 'round my finger (Bling)
