

Who's That

Leikeli47

Don't take my kindness for weakness
'Cause I'm not that bitch you wanna fuck with
I treat you like a king if you can be faithful
But all that bullshit, you get cut at the door

I got my nails done, my hair done and everything done for you
I'm getting ready so you can pick me up and show me who

Who's that nigga
Who's that nigga
Who's that nigga
Who's that nigga

Girls, let's be real, don't you get tired of talking?
Put your money where your mouth is, homie, walk it
Tell me you don't like what you see in this lady
My hips and my waist and my lips, I just might let you taste it

I got my nails done, my hair done and everything done for you
I'm getting ready so you can pick me up and show me who

Who's that nigga
Who's that nigga
Who's that nigga
Who's that nigga

It's a girl's world and I live it how I want
[?] on too much
But I got a problem, a real man problem
And I think I found me a guy who could solve them
Just my type, built, but polite
Poppin' wheelies on a turnpike
And he treat his mama right
I might just call him over tonight so he can show the kid
Who's that nigga
How many y'all front the bill?
Who's that nigga
Stay down with it, for real
Who's that nigga
Show ya shorty that you love her?
Who's that nigga
Never keep shit undercover?
Who's that nigga
How many y'all front the bill?
Who's that nigga
Stay down with it, for real
Who's that nigga
Show ya shorty that you love her?
Who's that nigga
Never keep shit undercover?
