Fist in my pocket
Just in case a nigga talking crazy
Gotta sock 'em
I don't have no ammo
But my gunna got the rocket
Zoom zoom zoom on my target
Know them niggas sorry

Gotta sock 'em
I don't have no ammo
But my gunna got the rocket
Zoom zoom zoom on my target

I ain't the type of bitch to do a lotta barking
And only thing I need validated is my parking
I'm from the Backstreet Boy where it's very rare we link
And if you sing the wrong note we'll put yo ass 'NSYNC
Originally from Virginia DMV we squading
Then I head up North to do my Prospect Parking
That's a deadly combination it ain't safe after dark
Bring yo drip round here, we gon' all turn to sharks

With that fist in my pocket
Just in case a nigga talking crazy
Gotta sock 'em
I don't have no ammo
But my gunna got the rocket
Zoom zoom zoom on my target
Know them niggas sorry

I drove inside the parking lot of my local Sally's
Prefer the one off Crenshaw, but today I'm in the Valley
Who'd a thought a simple run for some edge control
Would lead to me almost stomping out a hoe
I was looking at my day date as I'm standing on the line
When my ex baby mother tried to sneak me from behind
She ain't even see my bitches right in aisle three
And like a college grad they can't wait to get they first degree
Now she wanna talk but I ain't never been one to waver
I have 4 to your dome and call it mindless behavior
Moral of the story: stop trying to be savior
And keep yo hands where I can see or I'mma have to violate her

With the fist in my pocket
Just in case a nigga talking crazy
Gotta sock 'em

I don't have no ammo
But my gunna got the rocket
Zoom zoom zoom on my target
Know them niggas sorry
