How nice to meet you
Won't you please stick around
I see the rain fall down
But I can't hear the sound
How nice to meet you
Won't you please stick around
I see the rain fall down
But I can't hear the sound

You give me all your time
Oh, but I'm right here, right now
You give me all I need
But I'm fine right where I stand

How nice to meet you
Won't you please stick around
I see the rain fall down
But I can't hear the sound
How nice to meet you
Won't you please stick around
I see the rain fall down
But I can't hear the sound

Struggling for the riches, just to find I am lazy
Oh, I'm right here, right now
Where I wanna be
Searching for the answers, just to find I am crazy
Oh, I'm right here, right now

Yeah, I pay bills with the words
Spoon Port. pancakes
Syrup sack [?] will this work
Like a [?]
Glow squirt squirt, Cherry Kool-Aid it up
Like the pearlwind? ooh with the girls
[?] when they tan, fiending through the cannon
(I'm the motherfuckin' man)
Crackin' crabs with my tablecloth
Sprinkle Old Bay like I must be in Baltimore
Smooth R&B on tape, Kenny Lattimore

How nice to meet you
Won't you please stick around
I see the rain fall down
But I can't hear the sound
How nice to meet you
Won't you please stick around
I see the rain fall down
But I can't hear the sound

You give me all your time
Oh, but I'm right here, right now
You give me all I need
But I'm fine right where I stand
