

Died At The Party

Lemâitre

In front of a bathroom mirror with Bordeaux
Dimmed lights make my silk dress look so dope
All my friends said that I should go home
But I said no, I can't slow the tempo

I said
I said
I can't slow the tempo
Heart beat pounding my chest yeah
Pound in my Chest yeah
Heart beat pounding my chest yeah
Pound in my Chest yeah

Almost died at the party I wanna party all night
All night
Almost died at the party I wanna party all night
I wanna party all night

Can't let go, can't wake up the breeze
I thought forever was forever guaranteed so
I pushed the deadline I don't wanna go home
I can't stop, I can't slow the tempo

Almost died at the party I wanna party all night
All night
Almost died at the party I wanna party all night
I wanna party all night
