

Go alone, no time to wait
Go home, say I'll be late again
To fix some shit
I didn't have shit to do and
Go, stay low, face what I've done
Come home to see
I'm all alone, cold TV meals
I must admit that it feels like fate
Oh fate
Shoulda shown me then
What would happen
Way too late
To turn back now

After all these travels
I'm stuck with some adventurous memories
Fresh to someone
Someone else but not to me
Wish I could light'em on fire
Watch the ashes fly away
Maybe I should retire
But that'll be another day

So it's time that passed me by
I'm trying to erase the past, make good things last
But sooner or later you gotta cut me down

Wish I could light'em on fire
Watch the ashes fly away
Maybe I should retire
But that'll be another day
An Indian rupee, an Australian dollar
All the currency in the world couldn't make me bother
All the weight could bring me down
Without givin' it away
Cause now I gotta go skip town

After these travels
I'm stuck with some adventurous memories
Fresh to someone
Someone else but not to me
Wish I could light'em on fire
Watch the ashes fly away
Maybe I should retire
But that'll be another day

That'll be another day
