

In Your Mind

Lemâitre

I took some pills to make me feel good
I've done it before but it was all in vain
Is it asking too much to forget you
Does thinking of me still bring you pain
Am I still Inside
In your mind
In your mind
In your mind...

Been a while since the last time
Can you tell me how you feel
Can we pretend that we're all right
Cause I miss being by your side
I still wanna be in your mind
In your mind
In your mind
In your mind...
