

# Machine

Lemâitre

Never think till I speak  
Makes me sound like a creep  
Didn't mean to sound mean  
Try not to make a scene  
Every time that I try I shut down  
So then can you please hit restart?

All eyes look at me  
Hoping that no one can see  
I am a machine  
No one can be mean to me

Try to look in your eyes  
I'm no good at goodbyes  
Every time that I try I shut down  
So then can you please hit restart?

All eyes look at me  
Hoping that no one can see  
I am a machine  
No one can be mean to me

All eyes look at me  
Hoping that no one can see  
I am a machine  
No one can be mean to me  
All eyes look at me  
I am a machine  
No one can be mean to me

All eyes look at me  
Hoping that no one can see  
I am a machine  
No one can be mean to me
