

## Wait

Lemâitre

Just wait for me, we can end this misery  
Just prove to me, don't forget  
I don't want to see you fade away  
I can't remember why you always worry  
Always in a hurry, wait  
I can't remember, it's all that I can see was the Atlantic seas  
[?] dreams, I can't remember  
The language that we spoke  
The something you've been smoking  
I've got worry when you exhale

Just wait for me, we can end this misery  
Just prove to me, don't forget  
I don't want to see you fade away  
I don't want to see you fade away  
I can't remember you, don't let go of my hands  
Don't forget, you have to understand  
I don't want to see you fade away  
I can't remember you, don't let go of my hands  
You have to understand, don't let go of my hands  
Cause I can't see you (just fade away)  
Just wait  
Just wait for me, we can end this misery  
Just prove to me, don't forget  
I don't want to see you fade away  
Just wait for me, we can end this misery  
Just prove to me, don't forget  
I don't want to see you fade away
