

Wondering If I'll Ever Come Down

Lemâitre

I might call it quits
But then these ashes
Are all I've got

I could call in sick
But then these sleepless nights are all that I have left

I'm gonna live no matter what
Wondering If I'll ever come down
I ain't even touch the ground

I ain't gonna live forever
But I'm gonna live no matter what
Wondering if I'll ever come down
Wondering if I'll ever come down

I might take a hit
But what I'm left with
Is one new itch

I could call it quits
But I don't want to be the one to put the fire out

I'm gonna live no matter what
Wondering If I'll ever come down
I ain't even touch the ground

I ain't gonna live forever
But I'm gonna live no matter what
Wondering if I'll ever come down
Wondering if I'll ever come down

If we could stay no matter what
Promise that we'll never come down
Never gonna hit the ground

I'm gonna live no matter what
Wondering If I'll ever come down
I ain't even touch the ground

I ain't gonna live forever
But I'm gonna live no matter what
Wondering if I'll ever come down
Wondering if I'll ever come down
