

(2x)

Been a long time
You say you missed me
Word gets round
You shouldn't have dissed me
Step back, don't try to kiss me
Right about now I'm 50/50
I heard it through the grapevine that you were with him
Just the other night
I don't know why I
Try hard to keep
You so happy
When you don't love me
Don't Love me

Are you calling me a liar?
Are you saying that
I'm not tellin' the truth?
Denying what she told me
You know you got way
Too much to lose
You're claiming they are rumours
You say you got nothin' else to hide
How come she told me?
She saw somebody by your side

I know everything
When I sent you on
That shopping spree
You went with him
Spending my money
Girl I'm so sorry
But you gotta leave me,
Just leave me

Are you calling me a liar?
Are you saying that
I'm not tellin' the truth?
Denying what she told me
You know you got way
Too much to lose
You're claiming they are rumours
You say you got nothin' else to hide
How come she told me?
She saw somebody by your side

Can't knock this no you
Can't hold me down
Keep hustling - girl I
Won't be around
Can't knock this no you
Can't hold me down
Keep hustling - girl I
Won't be around

[Chorus: x2]
