

Free Your Mind

Lemar

Let me introduce myself again
I am your faithful friend
Lover when you need it most
On lonely nights I'll hold you close
Pick you up when you get low
Lead you safely back to shallow waters
Where we'll bathe as we remind ourselves what truly matters

Get up, get up, get up
Can't you see the whole world spinning for you
Wake up, wake up, wake up
You so 'bout it, 'bout it babe
Get up, get up, get up
Let's just dance tonight, forget tomorrow
Get up, get up, get up
Ooh, Ooh

Free your mind
Let the rhythm get into you
Free your mind
One nation under a groove

I am knowledge
I am health
Let me save you from yourself
Show you that you're wonderful
Compare yourself with no one else...
Could ever do the things you do
You are special
You are you
Not defined by what they hate
Don't watch them haters
They just hate us

Get up, get up, get up
The galaxies they shine their colours for you
Wake up, wake up, wake up
Cause you so bout it, bout it babe
Get up, get up, get up
Let's just dance tonight, forget tomorrow
Get up, get up, get up
Ooh, ooh, ooh, ooh

Free your mind
Let the rhythm get into you
Free your mind
One nation under a groove

Free your mind
Let the rhythm get into you
Free your mind
One nation under a groove

Shake it, shake it, shake it off
Live your life, don't divide
Shake it, shake it, shake it off
Come together, unify

Shake it, shake it, shake it off
We all equal, ain't no sequel
Let's start it tonight

Free your mind
Let the rhythm get into you
Free your mind
One nation under a groove

Free your mind
Let the rhythm get into you
Free your mind
One nation under a groove

Send your love across the border
Save them babies out the water
Ain't no justice, ain't no peace
But you got faith, you gotta believe
You got hope, yes you're dope
Yes you can, no they won't
Here me calling, come on home
Free your mind!

Shake it, shake it, shake it off
Shake it, shake it, shake it off
Shake it, shake it, shake it off

Free your mind
