

Glorious!

Lemar

She wanna dance all night
To the beat
To the rhythm of the record that the DJ's spinning
Like the disco ball on the ceiling
Shining, stepping, looking so fly
What a woman, she's glorious, glorious!

If you wanna dance with me, it's alright
But you gotta show me how your body move right now
Ain't tryna get down with anybody
Just wanna move my body, daddy
Dance with me, it's alright
But you gotta show me how your body move right now
Ain't tryna be down with anybody
Just wanna move my body, daddy

Take my breath away
Take me all the way
Roof up off the place
Take me to the lake
I won't hesitate
Let's make no mistake
You got all the cake
Shake that money maker

She wanna dance all night
To the beat
To the rhythm of the record that the DJ's spinning
Like the disco ball on the ceiling
Shining, stepping, looking so fly
What a woman, she's glorious, glorious!

Ooo, she's glorious, oh!
Ain't no time to waste
Love was made to make
Written on your face
Rules been made to break
Focused on your shape
Play me like the bass
You got all the cake
You got all the flava

She wanna dance all night
To the beat
To the rhythm of the record that the DJ's spinning
Like the disco ball on the ceiling
Shining, stepping, looking so fly
What a woman, she's glorious, glorious!
Ooo, she's glorious, oh!

If you wanna dance with me, it's alright
But you gotta show me how your body move right now
Ain't tryna get down with anybody
Just wanna move my body, daddy

Dance with me, it's alright
But you gotta show me how your body move right now

Ain't tryna be down with anybody
Just wanna move my body, daddy

Body daddy
Just wanna move my body daddy
Daddy, body, body, body, body
Just wanna move my body daddy

She wanna dance all night
To the beat
To the rhythm of the record that the DJ's spinning
Like the disco ball on the ceiling
Shining, stepping, looking so fly
What a woman, she's glorious, glorious!

If you wanna dance with me, it's alright

Ain't tryna get down with anybody
