Not What You Say

Lemar

I ain't got paid it, you ain't got laid shouting for all the wrong re
asons
People need someone to blame so here we go again
You hit me with the left, I block you with my right
It's drivin' me insane, another day, another fight

So you storm across the room
I know that look in your eyes standin' there in your underwear
Hurt so bad when we break up
Hurt so good when we make up

It's not what you say to me baby
It's what you do that makes me love you
Not what you say to me darlin'
It's what you do that makes me love you

You're always mad, you love to throw glass
At everything that could go wrong, has already up and gone
And it's like cussin' is okay and we both don't wanna lose
Once upon a time I was your man not your fool

But when I go to get those keys 'cause I'm thinkin' that its over
You stand right there in my favorite underwear
Hurt so bad when we break up
Hurt so good when we make up

It's not what you say to me baby
It's what you do that makes me love you
Not what you say to me darlin'
It's what you do that makes me love you

Action speak louder than words
A real man knows what a woman's worth
He knows he's not been a teaser
Only been a pleaser 'cause he knows he needs her

It's in your touch and every move
In the usual way that you choose
Shut up and kiss me

It's not what you say to me baby
It's what you do that makes me love you
Not what you say to me darlin'
It's what you do that makes me love you

Not what you say to me darlin'
It's what you do
