

Where Do We Get Off?

Lemar

It's another day
And another plane
Got another deal
Don't wanna keep it in
Wanna shout it out and say how I feel
Can't remember the last time I talked to you
Tell me what you're doing
Tell me about the kids
Tell me where you've been
Tell me about your job
You say you've had enough?
You say this ain't living
You're like a runaway train
Don't wanna lose you

Baby just hold me
I just want you to hold me

Where do we get off?
Take a second
Step away from the fault line
And where do we get off?
Touch each other like we did on the first night
Back when all it took was just one look
And we'd be making love
Where do we get off?

And I can't sleep
And I ain't eating
Can't shake this feeling
It's you I'm missing
But I'm working hard
So I keep pretending
That everything's alright, it's all cool

I just need to hold you
Babe, I just want to hold you

Where do we get off?
Take a second
Step away from the fault line
And where do we get off?
Touch each other like we did on the first night
Back when all it took was just one look
And we'd be making love
Where do we get off?

Slow it down now
Just you and me now
We've got to slow it down
Till we stop

Where do we get off?
Take a second
Step away from the fault line
And where do we get off?
Touch each other like we did on the first night

Back when all it took was just one look
And we'd be making love
Where do we get off?

Where do we get off?
Take a second
Step away from the fault line
And where do we get off?
Touch each other like we did on the first night
Back when all it took was just one look
And we'd be making love
Where do we get off?
