

## SAD

## Lemon Demon

Every winter I'm a wreck, yes  
Miss my family, merry Xmas

Every day that I am snowed in  
I'm a coward, I'm corroding

Seasonal Affective Disorder  
Everything can stop on a quarter

(Cold plus hopeless: copeless)  
Got no prospects  
It's the snow's fault  
(Cold plus listless: kissed less)  
Got no girlfriend  
Pass the snow salt

We have a saying back in my hometown  
"When you're feeling down, sunshine fixes everything"  
But here, winter is getting longer  
Everything's frozen still  
Beautiful things no longer give me the chills

Seasonal Affective Disorder  
Maybe I should just move to Florida

(Cold plus relapse: collapse)  
I am no elf  
No Saint Nick, man  
(Cold plus morose: comatose)  
Trapped in myself  
I'm a sick man
