I don't like people much I get on better with animals
You don't like people much?
Well I like people but I don't get on with them very
well
Not a lot of people
Why is this?
I don't know really I just, people don't take to me
I get on much better with animals and things that like,
you know
What's happened when you've tried to get on people?
I don't know, I get on with them in school and that,
but I just haven't got a knack of being friendly
really, you know? I'm quiet, and I haven't got any push
in me.

Noisy people seem to get on, you know? ? Like at school
you get noisy people play up and that,
And they always seem to get on better and, er, I don't
know, I just
Do you think you have to have push in this world?
Yes I do. I think its hard luck on anybody who's, you
know, quiet or can't get on really, you have to be
fairly you know, have a lot of push and, cheek about
you.

But its also sometimes said that the people who work
quietly, behind the scenes,
are the, are the most important people. They really get
the work done, not the noisey ones.
Yes that's true.
Do you think that's true?
Yes.

Ooooh
