

Man in Control

Lemon

If I could make you see,
that you caught me off-guard
By giving me all I ever asked for
And getting my hopes up high
Thinking that I would disagree,
But you're giving me all I ever dreamed of

I'm coming to find you
I wanted to feel you
I wanted to hear you now
I'm coming to find you
I wanted to feel you
I wanted to hear you say,
you need me

I must make you understand
I'm shaking the dust off memories
Hoping that I will come undone
Seeing light at the end of the night
Makes it all worthwhile
When you're giving me everything I could wish for

I'm coming to find you
I wanted to feel you
I wanted to hear you now
I'm coming to find you
I wanted to feel you
I wanted to hear you say,
you need me

Don't be shy, take a wild card on me tonight
Cause I'm a man without fear, a man in control
I can take you there, I can take you there
Cause I'm a man without fear, a man in control,
a man in control, a man in ...

I'm coming to find you
I wanted to feel you
I wanted to hear you now
I'm coming to find you
I wanted to feel you
I wanted to hear you say,
you need me
