

## Different Girls

Lemuria

Every night on tour  
I sleep with different girls  
And we laugh about you  
While you are at home  
I am the worst

It's in your imagination of course  
It's in your imagination

Every night I am drunk  
And you wonder why I don't get drunk for you  
Why don't I get drunk for you  
While you are at home  
Everything hurts

It's in your imagination of course  
It's in your imagination

Every night on tour  
I sleep with different girls  
And we laugh about you  
While you are at home  
I am the worst

It's in your imagination of course  
It's in your imagination
