

# Hey I'm Over Here

Lemuria

I get nervous with you  
My hands forget how to tie shoes  
We're both pretending to think  
That our emotions are ambiguous  
So could you admit you missed me?

I won't leave,  
I won't leave,  
I won't leave,  
I won't leave,  
Until you kiss me  
I won't leave,  
I won't leave,  
I won't leave,  
I won't leave,  
Until you kiss me

You're my true north  
So incandescent my eyes are reluctant  
To stretch a glance into a stare  
I open up my eyes and see that no ones there  
So before you trail off give me attention

Please don't leave,  
Please don't leave,  
Please don't leave,  
Please don't leave,  
Until you kiss me.  
Please don't leave,  
Please don't leave,  
Please don't leave,  
Please don't leave,  
Until you kiss me.

I won't leave,  
I won't leave,  
I won't leave,  
I won't leave,  
Until you kiss me  
I won't leave,  
I won't leave,  
I won't leave,  
I won't leave,  
Until you kiss me

I won't leave,  
I won't leave,  
I won't leave,  
I won't leave,  
Until you kiss me  
I won't leave,  
I won't leave,  
I won't leave,  
I won't leave,  
Until.
