

Ruby

Lemuria

Caught your erratic eye Looking at a ruby twice my size I was a
corundum once But now I'm mineral-less In your eyes

Or is it you? Or is it you? Or is it you? Or is it you?

That has lost your shimmer

Or is it you? Or is it you?

That has lost your shimmer

Caught your deviant heart Bring in another heaven I was just a
clot A thick syrup of evidence

I have no shimmer Dull, mineral-less I have no shimmer Dull, mi
neral-less I have no shimmer Dull, mineral-
less I have no shimmer Dull, mineral-less

I am mineral-less
