

Silent Hills

Lena Katina

I am happy, I'm all smiles
Just the grieving in my style
Just a problem I enjoyed
No more crying on my boy

Bit of craziness in your eyes affect me
You can't feel air too electric
You lost our wedding ring, Frodo
I had a great fall like Humpty Dumpty
Seems like we are not on one team
Surely, it was all just a dream

Silent Hills
I know we were not real
I know we were not real

I applaude, you played the role
Just a killer in my soul
Now I'm frozen in a black hole
People can't see I've gone cold

Bit of craziness in your eyes affect me
You can't feel air too electric
You lost our wedding ring, Frodo
I had a great fall like Humpty Dumpty
Seems like we are not on one team
Surely, it was all just a dream

Silent Hills
I know we were not real
I know we were not real
I know we were not real

I am happy, I'm all smiles
Just the grieving in my style
