

Faces

Lene Marlin

Pour me some wine, join me tonight
Surround me with your happy faces
Share some fun stories, stay up all night
Surround me with your friendly faces
Then look at me, when I'm not aware
Then you'll see, I cannot do without you
I'll be right there, if you ask me to
If you're feeling sad, I'll stay with you
And if you're scared, I'll hold your hand
Like I know you'd do for me too
Like I know you'd do for me too

Pour me some wine, join me tonight
Life is so good when I'm with you
I needed the laughs, I needed you tonight
Life is so good when I'm with you

So look at me, when I'm not aware
Then you'll see, I cannot do without you
I'll be right there, if you ask me to
If you're feeling sad, I'll stay with you
And if you're scared, I'll hold your hand
Like I know you'd do for me too
I'll be right there, if you ask me to
If you're feeling sad, I'll stay with you
And if you're scared, I'll hold your hand
Like I know you'd do for me too
Like I know you'd do for me too
Like I know you'd do for me too
